Maryland TAMS Journal

5 year Index 1979-1984

A publication of

The Maryland Token and Medal Society, Inc.

The articles are listed alphabetically and are listed by both **"Article Title"** and **"Author"**.

The first number to the right of the listings denotes the **Whole Number**; the second number denotes the **Page,** followed by the **Year** which is in the adjacent column.

To assist the user in locating a specific topic, "major categories" have been included. Foe example, if the reader was interested in **ENCASED COINS** , he can refer to that heading for all encased coin articles that appeared in the Journal. Each of these **"major categories"** appear in **capital letters** throughout the index.
